

White House Action Awaited In Strikes

Washington, Oct. 27 (AP)—The White House said today President Truman has set no deadline on mediation efforts in the steel-coal disputes and is "keeping hands off" for the present.

Charles G. Ross, presidential secretary, described as "entirely without warrant" reports that Mr. Truman planned to intervene in the strikes if they were not settled by the weekend.

By NORMAN WALKER

Washington, Oct. 27 (AP)—Top administration officials offered different versions today of President Truman's plans for dealing with the steel and coal strikes. Meanwhile, the tempo of steel peace efforts stepped up in New York.

A cabinet officer reported that the president has decided to step in if the strikes are not settled by the end of the week.

But another official, prominent in behind-scenes planning of the Truman labor policies, insisted that the President has set no deadline whatever for White House action—that he is still hoping for voluntary settlements.

Said this latter official in reference to the cabinet officer: "evidently, the gentleman misunderstood the President, because I tried and found out he hadn't made any decision to intervene, or fixed any deadline."

Neither official was willing to be identified publicly. Both are close to the President.

Phantom Again Foils Pursuers

Silver Creek Posse Hot On Trail

Allegan, Mich., Oct. 27 (AP)—The hunt for the mysterious phantom of Silver Creek warmed today—or so the signs indicated at least.

A bloodhound, sniffing on the trail, had helped.

And Sheriff Louis A. Johnson's men, though they were disappointed by reasons, let it be known that they expected to be successful here too long.

Early today, under a starry sky, Everett Widmeyer's bloodhound led the sheriff's posse on a spoor which seemed, from all reports, to be some sound evidence.

Ultimately, it ran out and the elusive phantom, sought for several days, was again the winner.

The fleet prowler has been stealing food and frightening women.

Late last night Emerson White, working in his basement, heard a noise in the house. He investigated and believed he saw a man running away.

The phantom previously had been reported seen in the same neighborhood.

Ironwood Salesman May Be Deported As Communist Suspect

Detroit, (AP)—Waino John Mykkanen, 61, of Ironwood, Mich., is free on bond awaiting a deportation hearing, the U. S. Immigration service announced.

R. H. Holton, immigration enforcement officer, said the hearing would probably be held in the early part of December.

Mykkanen, who came from Finland in 1913, was charged with being or having been a member of an organization advocating the overthrow of the United States government by force or violence since arriving in this country.

If found guilty, he can be deported.

Arrested Oct. 18, the Ironwood salesman was released on \$1,000 bond. He lives on Lake street (Box 4).

Holton said he had been married but was separated.

Mr. Truman was certain to be asked about his intentions at his weekly news conference, scheduled for 4 p. m. E.S.T. In advance, the White House said merely that the steel strike was in the hands of government mediation chief Cyrus S. Ching.

Ching was reported trying to get Philip Murray, president of the CIO and head of its striking steelworkers union, to negotiate directly today with the U. S. Steel Corp. in New York.

Murray went to New York from meetings in Cleveland with his CIO lieutenants. Ching has been meeting with industrial relations experts of U. S. Steel, the nation's biggest steel producer, for more than a week.

The union has refused to budge from its position that the dispute should be settled according to the terms of a report by a presidential fact finding board. This called for employer-paid pension-insurance benefits worth up to 10 cents an hour.

Steel firms have all agreed to put up that amount of money if the workers will chip in something too.

There were indications that once Mr. Truman decides to act it will be to exercise the prestige of his office. This could mean calling the disputing parties to the White House for a personal appeal, or it could be an invitation to negotiate in the White House.

A step of this sort was understood to be preferred by administration advisers to use of the Taft-Hartley law emergency powers, with their eventual strike-halting court injunctions.

The President, Murray and mine union chief John L. Lewis are all publicly opposed to that law. However, Mr. Truman has said he will enforce Taft-Hartley. He has used it before to end a coal strike.

As a last resort, seizure of the strike-bound industries could be ordered on the theory that this comes within the President's constitutional powers. But officials said this would be done only if the strikes dragged along for months.

Freight Wreck Kills Two Men

Train Derailed On Way To Kalamazoo

Kalamazoo, Mich., Oct. 27 (AP)—A produce-laden special freight train plunged off the track and down a 20-foot embankment today, killing two crewmen and seriously scalding a third.

The engineer, Harry L. Kelley of Jackson, died in his cab and workers with blow torches spent nine hours cutting into the wrecked locomotive to extricate his body.

William H. Freeman, 28, of Kalamazoo, front-end brakeman, died at 11 a. m. in Borgess hospital of third degree steam burns about the lower half of his body.

Fireman G. A. Wells of Jackson was in Kalamazoo hospital with serious burns.

Only three weeks ago, Freeman lost his two children when his wife went berserk and killed them with a knife. She is now in a mental hospital.

The Michigan Central train hurtled off the track 18 miles northeast of here near planwell at 1 a. m. It had 14 cars and was loaded with produce.

The train, carrying sugar beets, onions and apples, was making a special 20-mile run along the Chicago-Kalamazoo-Saginaw branch of the railroad. It was a trip that was made only once a week and the crew was working overtime.

Titoists Expelled By Norwegian Reds

Oslo, Oct. 27 (AP)—Norway's Communist party has expelled a former party secretary and other "Titoist" (anti-Soviet) members who one leader claimed were responsible for the party's defeat in the parliamentary elections two weeks ago.

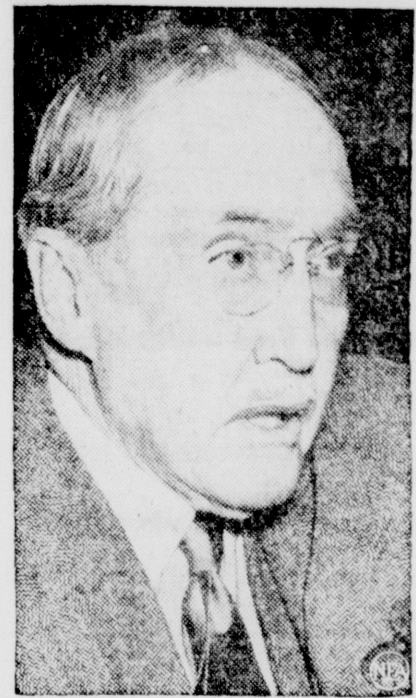

The Communist newspaper Friheten today revealed the expulsion of former party secretary Peder Furuborn, vice-chairman Roald Halvorsen and others. They were accused of favoring Yugoslav Premier Marshal Tito's policy of building up independent national Communist parties resisting direction from Moscow.

Tire Prices Go Up

New York, Oct. 27 (AP)—U. S. Rubber Co. today boosted prices of its passenger car, truck, farm and industrial tires and tubes 3 1/2 per cent. The advances follow similar action by Goodyear Tire & Rubber Co. and Firestone Tire & Rubber Co.

BOUNTIES RUN HIGH

Lansing, Oct. 27 (AP)—The state paid out \$24,510 in bounties on foxes, coyotes and wolves during September, the largest monthly payment this year. The state conservation department reported. The cost of the new bobcat bounty in the Upper Peninsula will not be included until next month.

"BIG STEEL" CRITIC—James W. Gerard of New York, a powerful stockholder in U. S. Steel, gave unexpected support to striking steelworkers. Gerard criticized the company's failure to grant industry-paid insurance and pensions as "a disservice to the employees, the shareholders and the country." Gerard, who was ambassador to Germany in World War I, said he holds more U. S. Steel stock than the majority of the firm's board.

Convicts Steal Guns In Escape

Lifer, 20, Leads Break At Wilmington, Del.

Wilmington, Del., Oct. 27 (AP)—A widespread manhunt was on today for eight convicts who escaped from the New Castle county prison with guns and ammunition taken from the jail arsenal.

The eight—led by a 20-year-old life term prisoner—made a daring break through the prison's front gate last night after locking up guard captain Harry Harrington and using another guard as a shield.

A burst of machine gun fire from a prison tower failed to stop them.

Five of the escapees were reported to have boarded a Pennsylvania railroad freight train bound for Reading, Pa. Two others forced J. L. Elliott, a stationery store clerk, to drive two blocks in his own car and then shoved him out before driving off.

The car was recovered several hours later, abandoned in Kennett Square, Pa.

State police established roadblocks throughout the Wilmington area and alerted authorities of adjoining states to be on the lookout for the men, described as "dangerous."

Conventry, Eng., Oct. 27 (AP)—They've had to put a fence around Lady Godiva's statue. It's to keep the peeping toms away.

A statue showing the lady, clad only in her tresses and sitting saddle on a horse, was unveiled last Saturday.

Almost at once crowds wanting a closer look began trampling over the surrounding turf city officials put up a three-foot high barricade yesterday to save the grass.

The expectant mother was admitted to the hospital here Oct. 12 after being struck with polo at her home in Benton Harbor.

WATCH RADIATORS Detroit, Oct. 27 (AP)—With a forecast temperature drop to 30 degrees, motorists were warned today by the Automobile Club of Michigan to have anti-freeze put in their car radiators at once.

Hospital attendants said both mother and infant, a girl, were in good condition.

The expectant mother was admitted to the hospital here Oct. 12 after being struck with polo at her home in Benton Harbor.

Romantic Sam Sounds Off In Chicago Court

Widow Wooer Curses Lawyers As Crooks

Chicago, Oct. 27 (AP)—Sigmund (Sam) Engel, whose smooth talk landed him in jail on a half dozen charges of swindling women, cursed and screamed in criminal court yesterday.

"You're a bunch of crooks. G—D—, I'm being framed," the 73 year old roving Romeo screamed to state prosecutors and police.

The jury hearing Engel's love swindle trial was leaving the courtroom as Engel blew up. Only a few minutes earlier, Judge George M. Fisher had left the bench.

Engel's outburst followed testimony by Mrs. Annette Kubiak, a South Bend, Ind., widow, that Engel married her, took \$5,000 from her and then disappeared.

"You scoundrels are putting words in her mouth," Engel shouted at Lt. James Oakey of the state's attorney's police.

Edwin T. Breen, first assistant state's attorney, fanned Engel's resentment by asking him: "How do you like it, now that you're on the receiving end?"

More Victims Testify Attorneys for the ordinarily dapper little man urged him to be quiet as they led him from the courtroom.

Still sputtering, Engel's parting shot at the prosecutors was "you're all a bunch of G—D—crooks."

Mrs. Kubiak, 39 year old blonde beauty, testified she married Engel in October, 1948, one week after she met him in South Bend. She said she knew him as Paul Moore, and he told her he was a wealthy attorney for Howard Hughes, film producer and industrialist.

About the wedding, Mrs. Kubiak said: "It was beautiful. Mr. Moore just cried. He was happy to find someone as wonderful as I am."

A day after the marriage, she testified, Engel disappeared—taking the \$5,000 she had given to him after selling her home.

Her testimony was much like that told Tuesday by Mrs. Reseda Corrigan, also 39 and a widow. Engel is being tried on a charge of swindling Mrs. Corrigan of \$8,700 after promising to marry her.

James Brown, assistant state's attorney who heads the prosecution, said he will call as witnesses several other women he said Engel married and swindled.

Gold Strike Boom On Yukon River May Prove Flop

Anchorage, Alaska, Oct. 27 (AP)—Several would-be prospectors returned today, convinced that Fishwheel, the booming town set up on the Yukon flats near the Arctic circle, is not gold country.

"Amateurs and professionals are pretty well convinced, but they're afraid to leave for fear they'll miss something," Bill Lund, Alaska Airlines pilot, said on his return from Fishwheel.

Lund went to the Yukon area over the weekend and came up with two of the few nuggets he said had been found at the river.

He said he showed the nuggets to a prospector.

"Lord, he shouted the news to everyone in sight. They grabbed all their tools and lit out in every direction. Even the old-timers got excited."

Asked about the value of the gold he panned, Lund shrugged. "It's worth about 60 cents, I guess."

Great Lakes Region In Morning Cool Belt

Chicago, Oct. 27 (AP)—Skies were clear and temperatures were on the way up to normal or above normal over most of the country today.

The early morning cool belt was in the Great Lakes region to the Ohio Valley, with temperatures below freezing. Cadillac, Mich., reported a low to 16. Warmer weather was expected over the north central states today.

Italy Votes Defense Fund Of 500 Million

Rome, Oct. 27 (AP)—Italy's largest postwar military defense budget, amounting to nearly \$500,000,000, was approved last night by the Italian Senate and sent to the chamber of deputies.

Defense Minister Rinaldo Ossola, prior to the Senate's action, had disclosed a five-year plan to rebuild Italy's outdated navy and equip a heavily-armed and motorized army of 12 divisions. He indicated the U. S. had offered to help equip and modernize the new army.

SHEEP BARN BURNS East Lansing, Oct. 27 (AP)—Fifty stampeding sheep were rescued here last night as the Michigan State college sheep barn was destroyed by fire. Ralph S. Hudson, college superintendent of farms, estimated loss at \$12,000. He said the fire apparently was started by faulty wiring.

Ford Union Approves \$100-A-Month Pension

NEW ALASKAN GOLD RUSH—A gold rush is responsible for the creation of Fishwheel, a new community 100 miles north of Circle, Alaska. One of the "residences" there is ready for occupancy by prospectors. The men are (left to right) Solomon Flitt, Joe Peters, Earl Hirst and Sam Gamblin. (NEA Telephoto)

Tito Says He'll Fight Off Russia

By ALEX SINGLETON

Belgrade, Oct. 27 (AP)—Marshal Tito last night promised to "fight off" Russia against Russian attempts to dominate Yugoslavia.

"We know," said Tito, "that in this struggle we are fighting for a great, just cause that will have tremendous historical significance for the future and that this is the true, correct relationship among the socialist states."

Tito sounded this serious note after a day in which a Moscow newspaper accused him of lavishing diamonds on an "American spy," named as the Yugoslav-born Metropolitan opera soprano Zinka Kunc Milanov.

The singer, interviewed over the telephone, said the story in the Moscow Literary Gazette was "just silly."

Tito pledged continued opposition to the Kremlin's present policy in a speech to a visiting group of Italians who had fought alongside his friends during the last war. He declared:

"We shall fight—and we shall fight enduringly—to prevent Yugoslavia's subjugation by Russia."

Russia's leaders, said Tito, "are following a policy of unconditional subjugation of small socialist countries by a big socialist country."

This Tito termed a breach in the development of relations between socialist partners.

The Yugoslav leader conceded that "socialism in the Soviet Union will not fail" because of the Yugoslav fight against the Kremlin policy.

Socialism, Tito said, "is a reality in the Soviet Union—we know that. But we also know that today the leadership of the USSR do not have the right point of view on the further development of socialism in other countries of the world."

Chungking Claims Victory; 20,000 Reds Wiped Out

Chungking, Oct. 27 (AP)—Chinese Nationalists today trumpeted news of their biggest military victory since the communists crossed the Yangtze in April.

They said government forces had wiped out fully 20,000 Red invaders of Chinnien Island northeast of communist won Amoy on the south central coast. And 4,000 others were taken prisoner, including Gen. Chu Shao-Ching.

Neutral sources who have heard sweeping Nationalist claims before granted that some sort of victory had occurred, although possibly not on the scale portrayed.

Chinnien is important as a useful jumping off base for any communist attempt to storm the Nationalist island fortress of Formosa, about 120 miles to the east.

A General Motors spokesman said today the plants will resume operations Monday. They are expected however, to operate on a four-day schedule next week, too.

The plants are the big Chevrolet manufacturing plant, employing 13,000 men, the Chevrolet assembly plant and Fisher Body plant number two.

A similar move was announced by the Chevrolet factory in Saginaw, employing 6,000 men.

SEAMSTRESS DIES AT 99 Jackson, Mich., Oct. 27 (AP)—Leola, still a skilled needlewoman at the age of 99, died Wednesday. She gained a "second sight" at the age of 92.

Failure Of Atomic Control Dickers Blamed On Russia

Lake Success, Oct. 27 (AP)—The United States and four other powers declared today secret atomic talks have failed because the Russians put national interests above world security.

This report came from the U. S., France, Britain, China and Canada. It was released along with a formal report of closed-door conferences they held with the Soviet union in seeking to end the east-west deadlock.

The report said that "the government of the U. S. S. R. puts its sovereignty first and is unwilling to accept measures which may impinge or interfere with its rigid exercise of unimpeded state sovereignty."

It added: "If this fundamental difference could be overcome, other differences which have hitherto appeared unsurmountable could be seen in true perspective and reasonable ground might be found for their adjustment."

Deadlock Unchanged The Russians refused in the closed meetings to talk about disclosures of atomic explosions in the Soviet Union. The United States time and again reaffirmed its position favoring the majority plan for atomic control as approved by the U. N. assembly last Nov. 4 in Paris.

The Soviet Union hinted—after the atomic explosion was announced last month—that the United States ought to have some new proposals but this produced no change.

The net result: The east and west deadlock stands unchanged but the six powers, known as the sponsoring powers because they helped create the U. N. atomic energy commission, will continue the talks in November. The statement of the five powers and the U. N. records of the meetings will be taken up by the special political committee of the U. N. assembly, perhaps early next week.

Earlier in the trial he had gone on a courtroom rampage, knocking two teeth from the star witness and grabbing for an officer's gun.

After yesterday's fracas, officers revived Chenoweth and half-carried him back to court. There a circuit court jury took less than a half hour to convict him on a charge of robbery armed.

Circuit Judge E. A. Westin immediately sentenced him to 27 years to life. Sheriff Erwin H. Kubath and his deputies then took him to prison to start his sentence.

Yesterday's battle started as Chenoweth was being taken to the afternoon trial session. He broke loose in a cellblock passage of the county jail, whipped out a pen knife and threatened officers, shouting they would never take him back to court.

Sheriff Kubath jumped back and slammed the door shut.

Officers brought Chenoweth's mother and sister who pleaded with him to give up, but he ignored them, after about a half hour, Kubath and the deputies edged into the passage and surrounded the prisoner. He was knocked out after he jumped on Undersheriff Henry Griese.

Knockout Ends Battle At St. Joseph

St. Joseph, Mich., Oct. 27 (AP)—A youthful convict was back in Southern Michigan prison today after a retrial studded with violence.

The prisoner, Jewell Lee Chenoweth, 20, was knocked unconscious in a battle with sheriff's deputies during a court recess yesterday.

Earlier in the retrial he had gone on a courtroom rampage, knocking two teeth from the star witness and grabbing for an officer's gun.

After yesterday's fracas, officers revived Chenoweth and half-carried him back to court. There a circuit court jury took less than a half hour to convict him on a charge of robbery armed.

New Milestone Is Marked In Auto Industry

Labor Peace Assured For Car Makers

Council Plans Busy Program

Stimulating Tourist Industry Sought

The board of directors of the Delta County Tourist Council met recently to prepare their work program for the coming year. Conclusions reached at recent meetings are that although the county, comparatively few remain longer than overnight. If Delta county to receive only its fair share of the tourist's dollars, business in the area would increase by about five million dollars, it has been estimated.

The objectives outlined at the meeting were to attract more people, to induce them to linger, to lengthen the season by promoting and publicizing year-around attractions, such as hunting, fishing, winter sports, ice fishing and the autumnal scenery. The creation of activities in the county that will induce the tourist to remain longer than he intended is the second big project outlined. This includes publicizing any activity of general interest, such as church outings or religious meetings open to the public, lodge, service club or labor organizations, picnics, outings or special meetings. Other projects include nature study hikes, sleigh rides, tour of logging camps, saw mills and other industrial activities in the area. There are hopes of sponsoring an excursion boat to ply Bay de Noc.

The tourist council feels that other organizations can help further their own cause while creating attractions that would be of general interest to guests, such as boat races, fishing contests, casting tournaments, swimming meets, perhaps a race across the bay, a small jamboree, wall-eye festival, hunter's shindigs, etc. The goal of the Council is an event of general interest each week. The council will cooperate by acting as a clearing house to prevent duplication or overlapping of activities, provide publicity, so that every tourist that hesitates within the county will know of your attraction and aid in any matter it can to assure the success of the enterprise.

Other projects for the coming year are to reestablish the clearing house and endeavor to improve its effectiveness, to establish a fair practices committee, to investigate reports of tourist gouging and report it to the accused so that they can correct any false impressions, establish a hay fever relief committee, to obtain the pollen count and advise necessary steps when excessive, try to lure some of the cruise lines to Escanaba and vicinity as a major stopping point on their itinerary, to invite the Glidden Tour, the annual outing of the Veterans Motor Car Club of America to visit Delta county next spring bringing with them about one hundred antique automobiles 20 or more years old. Steps have already been taken on this project.

Briefly Told

Odd Fellows Social—Impellant lodge 460, I. O. O. F., will hold a social at the Odd Fellows hall Friday evening at 8. The public is invited.

Model Contest—A representative of the Craftsman's Guild of the Fisher Body company of Detroit will speak to an all-boy assembly at the Escanaba Junior High school Tuesday, Nov. 1, to explain a model car competitive contest which will provide university scholarships and cash awards to winners. A full-color sound movie of the Guild's 1949-1950 plan will be shown.

Football Movies—Colored movies of the Escanaba-Ironwood and the Escanaba-Menominee football games will be shown to students of Escanaba Junior high school Nov. 3. Clarence Zerbe reported yesterday. The movies were taken by Harry Gruber of Escanaba.

No Barber Shop Meeting—Regular meeting of the Barber Shop Quartet Society scheduled for tonight has been cancelled. Regular rehearsals will continue beginning November 3, officers announce.

Sale at Gladstone—A rummage sale will be held in the basement of Memorial Methodist church, Gladstone, Friday and Saturday beginning each day at 9:30 a. m.

On Honor Roll—The names of two sophomores were omitted from the Senior high school honor roll. They are Marion Olson, AABB, and Betty Sealander, BBAB.

Mr. and Mrs. James Anderson of Soo Hill have returned from Antigo, Wis., where they attended the funeral of Mrs. Anderson's aunt, Mrs. Ed Burke, held Tuesday morning.

social welfare board for a three-year term starting Jan. 1 has been announced by the state social welfare commission.

MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often

Brings Happy Relief

When disorder of kidney function permits poisons to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 60 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

42 Growers Compete In Potato Booster Contest

Forty-two potato growers from the Delta county area today exhibited in the Delta County Potato Show in competition for nearly \$600 in awards offered by the Escanaba Potato Booster association. Besides the premium money to be awarded to the winners tonight in a program at Cornell township hall, there will be special trophies and prizes for the top place winners.

J. L. Heirman, county agricultural agent, said that of the 42 growers entered in the contest, 15 have yields of 500 or more bushels an acre.

The Booster Contest is based on points and the scores for the growers are accumulated for the season for planting and spraying and other recommended practices. The yield is only one factor in the total contest scoring plan.

The contest is in three divisions: Certified seed, tablestock, and 4-H growers. The growers competing in the three divisions are as follows:

Certified seed: Frank Barron, Gladstone Rt. 1; Frank Falkies, Cornell; Clarence Dittich, Bark River Rt. 1; Alex Charon, Escanaba Rt. 1.

Tablestock: Clarence Sundquist, Escanaba Rt. 1; Clayton Fork, Cornell; A. C. Nielsen, Bark River; George Therrien, Bark River; Harold Woodard, Cornell; Jules VanDamme, St. Nicholas; Emil Skrobialk, Bark River; Andrew

Quick! Pep Up Your Weak, Rundown Worn-out Body

Start for new vigor—TODAY

This very day, quit giving in to those exhausted, fagged-out feelings and the worry and nagging nerves they bring. Do something—right now. Thousands once weak, just because blood held too much nervous over it, just as you may be, positively amazed at new vigor, cheerful spirits, thanks to Oxydol. They work, play, eat and sleep better. Don't delay. Why feel worn-out, miserable a day longer than you need to? Try Oxydol Tonic Tablets for new vitality, happier nerves, this very day. Introductory size only 50¢.

Arthur Whiston Dies In Chicago

Funeral Services Here On Friday

Arthur Siles Whiston, 42, of Chicago, an associate of Frank M. Whiston & Co., and a former resident of Escanaba died Monday, October 24, in Chicago.

Services were held in Chicago today and the body will be brought to Escanaba Friday morning and will be taken to the Alto funeral home where it will be in state at 10 a. m. Chapel services will be held Friday afternoon at 2 at Holy Cross cemetery where burial will be made.

Mr. Whiston was born in Escanaba June 17, 1907, a son of the late Mr. and Mrs. Michael Whiston, attended the Jefferson and Franklin schools and was graduated from Escanaba high school in 1924. He later attended Cleveland College and while in Escanaba was employed by the Delta Contracting Co., Coleman Nee and the Chicago & North Western Railway.

He went to Detroit as assistant manager of the Corporation Trust Co., in 1928, became associated with Farnum, Winter & Co., stock brokers in 1929, and started in the real estate field with the Marshall Field estate as assistant manager of the Marshall Field Garden Apartment Homes in 1930. In 1943 he became a partner with his brother, Frank M. Whiston and his nephew, Robert F. Whiston, in Frank M. Whiston & Co., real estate and property management firm.

He is survived by his wife, Hildegard, and three brothers, Frank M., James and Linus D.

Wild Geese Over Rapid River

Rapid River—Great flocks of wild geese have been passing over this district during the past ten days in their migratory flight. During the weekend several flocks came to rest at the head of the bay and in the rivers and some even landed in nearby fields. A number of hunters profited getting their quota of the birds. Residents of the community say that they never have seen such large flocks in their memory of the annual migration.

Pantry Sale Saturday

St. Theresa Circle of St. Charles church is sponsoring a pantry sale Saturday, October 29, at 2 p. m., at the Murray Cole market. Miss Phyllis Grandchamp and Mrs. Andrew Wills are co-chairman of the sale.

Hospital

Edward Ketcham, jr., who recently submitted to an appendicitis operation at St. Francis hospital, was dismissed Wednesday and is convalescing at his home.

A. T. Naugle, Retired Lumberman Dies In West

Word has been received from Santa Barbara of the death Wednesday morning of A. T. Naugle, prominent lumberman who formerly lived in Escanaba.

Mr. Naugle was president of the Naugle Pole and Tie Company in Chicago but after his retirement from business he made his home in Santa Barbara.

He is survived by a daughter, Mrs. Billings McArthur of Chicago, three grandchildren and several nieces and nephews.

No particulars on the funeral services have been received.

Obituary

MRS. ERNEST GEYER

Funeral services for Mrs. Ernest Geyer will be held at 9 Friday morning at St. Joseph's church, Father Patrick McArron, O. F. M., officiating, and burial will be in Holy Cross cemetery. The rosary will be recited at the Degan funeral home this evening at 8:15.

FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Holds false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug store.

Extension Of Route Across Lake Sought By Wisconsin Central

Wisconsin Central airlines announces it has made application for a route extension from Green Bay, Wis., across Lake Michigan to Muskegon, Grand Rapids, Lansing and Detroit, Mich.

The Civil Aeronautics Board scheduled a hearing on the application Nov. 1.

The proposed route would connect six cities of the Upper Peninsula of Michigan now certified for Wisconsin Central service. Wisconsin Central is not now serving those six cities, however.

On Nationwide Route
The six cities in the U. P. are Menominee-Marquette, Escanaba, Iron Mountain, Marquette, Houghton-Hancock and Ironwood. With the exception of Ironwood, these cities are now served daily by Nationwide Airlines as an intrastate carrier under authority of the state of Michigan.

Nationwide has an application pending before the CAB for certification on this route.

Powers Voters Reject Dissolution

BY a decisive vote of 143 to 25, residents of the community of Powers have rejected a proposal to dissolve the village and have the township of Spalding take over the municipal functions.

The villagers decided by a margin of nearly six to one that they are satisfied with the situation as it now stands and they are willing to continue paying a village tax of 70c per \$1,000 valuation to support village government.

The results of the special election would indicate at first glance that proponents of the dissolution move were ill-advised. Such may not be the case, however. The election did serve a useful purpose in bringing to village voters a broader knowledge of the operation of their local unit of government, assuming that there was a campaign as a prelude to the election that served to bring out the arguments pro and con on village dissolution.

If villagers are better versed on the governmental affairs of the community as a result of the election, the comparatively few dollars that the election cost the taxpayers were well spent.

Inpasse Reached In Big Strike

MEDIATION of the coal and steel strikes has failed. No progress has been made in efforts to settle the strikes and at the moment negotiations are at a standstill. The number of workers idled by the strikes is already approaching 2,000,000 and in a comparatively short time, many hundreds of thousands more workers will be forced off their jobs because of lack of essential coal or steel.

The problem is now dumped squarely in the lap of President Truman. All concerned in the dispute are waiting to hear a yes or no decision on presidential intervention. Mr. Truman is reluctant to act because to do so would necessitate invoking the provisions of the Taft-Hartley act, which he has denounced repeatedly. And yet there appears no other choice. A strike of the magnitude of either the coal strike or the steel strike cannot be ignored indefinitely. If a decision is not reached very soon, the president will have to intervene in the public interest.

Opponents of the Taft-Hartley act must concede that public welfare supersedes the interests of any group or combination of groups or individuals. Mr. Truman has used the powers granted to him under the act on previous occasions against John L. Lewis to prevent economic chaos in this country.

Settlement of the coal strike is, of course, the first essential because the steel mills cannot resume operation until a supply of coal is assured. Railroad operation is already curtailed and even more drastic curtailment is anticipated in the next few weeks if the big strikes are not settled.

The nation cannot afford to permit an economic tailspin with world-wide effect simply because a group of coal mine union officials are making extravagant demands upon the industry.

Czech Reds Break Catholic Opposition

CATHOLIC bishops of Czechoslovakia have been forced to back down in their stand against intervention in church affairs by the Communist government. Catholic priests have been notified that they may accept their salaries from the state and swear loyalty to the government.

The church hierarchy was bled into this change of policy. Some 300 priests were arrested in defiance of the government. The remainder undoubtedly would have been purged by the Reds if they refused to comply with the new law which gives the government control of the administration and appointments of all churches in Czechoslovakia.

The new law is designed to break the last strong opposition to Communist rule in Czechoslovakia. Priests who swear loyalty to the government but who continue active opposition to Red rule are doomed to imprisonment and tortures.

What is happening in Czechoslovakia today serves as further evidence of the brutality of Communist government and destruction of human rights. Wherever Communists take over control, individual rights are destroyed. Law and order and decency, as we know it in this country, are totally blotted out and in their places are substituted terrorism, secret police and bestiality.

Iron Ore Supplies Worry U. S. Experts

THE United States is a nation built upon steel. And most Americans probably don't give too much thought to the problem of where the steel comes from. They assume that because the supply has been ample up to now, it always will be.

The truth is that our reserves of high-grade iron ore, from which steel is made, are seriously depleted. Some steel firms

face a shortage of raw material within a few years. The most fortunate can see stocks lasting no more than 20 to 25 years.

Since before the turn of the century, this country has had an amazingly cheap source of iron ore: the famed Mesabi Range in Minnesota. Here high-grade ore has been mined in open pits by the simple steam shovel method. From these pits came the material that carried America and its allies through two world wars.

But while the second great conflict was in progress, a steel man said: "This is the last war that will be fought off the Mesabi." In other words, the reserves were eaten away so badly by our huge armaments program that they would play out if forced to supply the sinews of another war.

This realization is food for sober thinking. The dwindling of our top-grade ore stocks means this: Either we must find new sources of supply or we must see one of the stoutest props of our economic strength knocked out from under us.

There are two main possibilities before the nation. One is to turn to foreign sources. Fabulous undeveloped reserves of iron ore exist in Brazil and Labrador, and Venezuela is a secondary prospect.

The other course is to dip into America's own vast holdings of low-grade ore—a material hitherto largely untouched because of the high cost of mining it. Heavy investments of new plants would be needed to concentrate low-grade ore sufficiently for commercial purposes.

Some eastern firms already rely on Venezuelan sources. And development work is now going forward in Labrador on a considerable scale.

But American steel companies are understandably reluctant to plan a wholesale switch to foreign ores. The problems are many: keeping friendly political relations with the supplying country, protection of the raw material lifeline in case of war, possible costly shift of plants from present inland centers to coastal cities to reduce overland transportation costs.

Experimental plant operations with low-grade ore have thus been undertaken in the hope the domestic alternative will offer a better, safer answer. And now a mining company has taken the first step toward more ambitious production of commercial concentrates from low-quality sources.

The move looks wise and it is to be hoped that other big firms follow suit. Even though the domestic development of new supplies might prove costlier than reliance on foreign ores, it would be worth the expense if we thereby avoided grave new political and military difficulties.

Other Editorial Comments

WITCH HAZEL

As the lengthening of the pollen-bearing catkins of alders is the first sure sign that winter is nearing its close, so the witch hazel's remarkable seed shooting is the signal that a season is ended. Witch hazel is an old timer among the hardwoods of our forest: for some 50 million years it has travelled around the world. Many who know the name as a bottle of frequent extract distilled from the roots, have no knowledge of this individualistic, contrary-to-the-season shrub.

For Hamamelis virginiana goes its own eccentric way. It blossoms along in October when first black frosts have bowed grasses and autumn flowers. The tufted golden petals look like a tangled mass of short, slender ribbons. Thoreau says of the shrubby clump, "It is always pleasant to come upon it unexpectedly as you are treading the woods." You find the clumps in mixed woodlands, on rocky hillsides among the hardwoods, along county roads and around the edges of mucky swamps. The wood is usually heavy, 42 pounds per cubic foot. It is one of the few trees on which leaves, flowers and seed pods can be discovered at the same time.

Witch hazel is famous as a source of divining rods for water witches or dowzers, but its most remarkable trait is the seed shooting along in November. An urn-shaped affair grows where the flower petals appeared; this miniature cannon is covered with a smooth leather case. And this cannon remains unchanged for a full year after the blossoms fall! Each cannon holds two oval black seeds. On a November day when time is fulfilled, the nozzle of this shooter suddenly opens. If air conditions are just right, the shooting begins. The contracting walls of the case project the seeds through the air for several yards. If you come upon a shooting bush on a day when the seeds are flying, you can watch hundreds of the black projectiles fly through the air. Witch hazel is one of the humbler trees of our forest. The name "witch" is part of our folklore; no one knows how it came to be. But the unorthodox shrub adds interest to the woodland for him who is interested in nature's many forms. — By Haydn Pearson.

Take My Word For It . . . Frank Colby

A TRICKY POINT OF USAGE EXPLAINED THE EASY WAY

Q. We need some advice in determining a point of usage. Our English class cannot decide whether to use a plural or singular verb following "what" in such sentences as, "What we need (is?) are?) more good textbooks." We cannot find the answer in our school grammar.

A. The "what" construction puzzles many good writers; and the obscure, Latinized language of the grammar books serves only to increase our confusion.

Let us look at it this way: The relative pronoun "what" is always followed by a singular construction, for "what" is equivalent to "that which" or "the thing which."

Let us regard "what we need" as a noun clause. It actually is the subject of the sentence, and expresses the idea of "our need," which is singular, as if we were to say, "Our need is for more good textbooks."

Or, to put it still another way, "what" is equivalent to "that which," and "that," of course, is plainly singular and takes a singular verb, thus: That which we need is . . .

Sweden Will Stay Neutral

BY MARQUIS CHILDS

Stockholm, Sweden.—The water flows under the old bridges and the fishermen in flat-bottomed boats let down their round

CHILDS

house of parliament. That this corner of the old Europe should have gone on its normal course, complete and intact, is once again a surprise.

As the pale light fades from the gray sky, all the windows in the long facade of the palace are dark except one. In that one window is a dim glow.

KING APPROACHES 92

The old, old king, Gustaf V, may be somewhere in that great pile, although probably he is at the summer palace at Drottningholm where it is more peaceful. But that single light can be seen by Stockholm as they hurry home in the evening traffic with the long lines of cars and trams backed up at the traffic light.

The king is approaching 92. Among his people there is great concern over his health and with the extraordinary length of his life.

When he returned to Stockholm from the seaside resort where he spent the summer, he was so weak he had to be carried from the train. Alarm was felt throughout the country. But after a rest he revived and went hunting and the details of the shot he fired to bring down a bird were widely reported. The state of his health is an intense preoccupation in every newspaper office.

King Gustaf if deeply loved by high and low. But it seems to me to be more than that. It is as though the old king had the power to preserve the past that has been so kind to Sweden. He is linked to the miraculous good fortune which has kept off the ruin and decay that have done their work almost everywhere else in Europe.

This implies that there is doubt among the Swedes themselves. Beneath the disciplined exterior that doubt seems to me to exist. It is doubt above all of the government's neutrality policy.

Most Swedes subscribed to the strict neutrality that kept Sweden out of the Atlantic pact with Norway and Denmark went in. A ready explanation is the habit of peace growing out of nearly 150 years without a war.

SWEDES FEAR RUSSIA

But the hard choice having been made, there is deep uncertainty that it may have been a wrong choice. After all, jet planes based in Russia are scarcely 20 minutes away. It has been definitely and positively established that the Russians have built on the shores of the Baltic, where they are in control, launching sites for missiles of the wartime V-2 type, or, it may be, even larger and more powerful projectiles.

No one in high office talks about these things. Prime Minister Tage Erlander, who looks like a successful small-town American business man, speaks confidently of the correctness of Sweden's policy.

It is the belief in the government that in the event of a war between east and west the Russians would not move out into the Baltic to occupy all the Scandinavian peninsula. The asserted reason for this belief is that the Soviet Union, with an inadequate navy, would not want to extend its lines of communication and supply. But realists are perfectly well aware that Soviet occupation of Norway, which would be a strategic necessity if it could be achieved, would mean almost automatic violation of Sweden's neutrality.

The reason frequently given here for staying out of the Atlantic alliance is the necessity to avoid anything that might provoke the Russians to move into Finland with troops. Sweden's entry would have been the final provocation. I talked with Finnish officials who were inclined to accept, in part at least, this interpretation, believing that Finland's only window on the west might have been slammed shut if Sweden joined up with the western alliance.

Even when it is successful, as it was in World War II, neutrality exacts a price. It can bring humiliation and feelings of guilt and resentment; a defensive attitude that all big powers are bad—convinced, scheming. It can mean a sense of isolation and self-questioning that sometimes sounds like the dialogue in a psychoanalyst's study.

But there is no evidence of any change in the official policy that is so firmly and persistently proclaimed. For better or for worse this nation of 7,000,000 skillful, practical, industrious managers will go down the road of neutrality.

These sentences are correct:

What Europe needs is food and clothing. What I expect is co-operation and friendship.

What we hope for is many years of peace.

What we bought was groceries only. Note also that in some constructions "all" has a meaning that is equivalent to "that which," as:

All that we need is more good textbooks. All that we saw was pine trees.

All that we hope for is peace and justice.

Likewise, notice the singular verb in such constructions as:

It is the Germans whom we defeated. It was the Romans who built the aqueduct.

It is they who sent us the books.

No one can learn grammar without knowing the eight parts of speech. Mr. Colby's leaflet, C-14, explains the parts of speech in simple, non-technical language. For a copy, send 5c in coin, and a stamped, self-addressed envelope to him, care of Escanaba Daily Press, P. O. Box 99, Station G, New York 19, N. Y.

Today's Specialty, With Truman Doctrine Dressing

Good Evening By Clint Dunathan

OFF THE RECORD—Robert U. Brown, writing in Editor & Publisher, the newspaperman's handbook, reports that "off-the-record" statements recently received a

Dunathan

blow from India's Prime Minister Pandit Nehru. Scheduled to speak "off-the-record" to the National Press Club in Washington and the Overseas Press Club in New York, the prime minister of India changed his mind when he saw the size of the gatherings.

"How can anyone be off-the-record to 500 persons?" he was quoted as saying.

Brown declares that he was absolutely right. He calls Washington official big-wigs the worst offenders "in the 'off-the-record' racket."

He believes that officials might learn a lesson from Pandit Nehru. If they have information that is helpful, let them speak for the record, rather than call an "off-the-record" conference designed not to inform but to withhold information from the public.

IN CONFIDENCE—Newspaper reporters and editors must be constantly on guard against those who preface their remarks with the statement: "This is in confidence, of course. I don't want anything in the paper about it."

Those who make such statements are not taking the newspaperman into their confidence. They are simply warning him that for one reason or another they are imposing upon acquaintanceship to serve their own ends.

The public official who makes such "in confidence" or "off-the-record" remarks does so not because he wants to cooperate with the newspaper, but because he fears the information may come from another source—and he would like to bottle it up.

LATEST EXAMPLE—It was necessary for this reporter at the recent meeting of the Delta county board of supervisors to refuse to accede to the request of the board chairman for an "off-the-record" statement to the supervisors.

The subject under discussion was the administrative cost of the welfare program in Delta county. The chairman, an ex-officio member of the social welfare commission, reported that he had information to present to the supervisors, and asked that it not be published in the newspapers.

He was advised by this reporter that if the statement was made in open meeting it would be published, and the only way to prevent its publication would be to have the board dissolve and go into meeting as a committee, which could force this reporter to withdraw.

This was not done and the statement was withheld by the chairman.

ON THE RECORD—As Pandit Nehru asked, "How can anyone be off-the-record to 500 persons?"

INTO THE PAST

20 Years Ago

Escanaba—Mr. and Mrs. A. D. Laviolette have left for Milwaukee to visit their son Matt who is a student at St. Francis seminary.

Escanaba—Prosecuting attorney Glenn W. Jackson and Sheriff Elmer Swanson attended the meeting of the state crime commission in Marquette yesterday.

Manistique—Paul Baldwin has returned from Escanaba where he attended a meeting of the Upper Peninsula State Fair board.

Gladstone—The Misses Lucille Russell, Mary Glen Jackson, Elizabeth Kee and Helen Erickson have returned to Appleton, where they are students of Lawrence college.

10 Years Ago
Escanaba—C. B. Smith, a member of the Escanaba Safety commission since its formation, was elected chairman at a regular meeting last night. He succeeds Charles N. Wood. Kenneth Voght was elected vice president and Harold Gessner was re-elected secretary.

Escanaba—Mrs. Lucille P. Gagnon of 1323 Ludington street, was the first to get her 1940 auto license plates when they were put on sale here yesterday.

Gladstone—Miss Betty Heslip has been elected president of the Intermediate Epworth league recently organized at the Methodist church. Mrs. Clyde B. Fitzpatrick is sponsor of the league.

When stakes are high enough and chances of success look good enough, I suppose reckless leaders may again plunge their people into war, just as men still resort to murder, notwithstanding the law's penalty.

—U. S. Supreme Court Justice Robert H. Jackson.

One must live in a fool's paradise to believe the masses of German people have repudiated Hitler's poisonous teachings.

—Harry Greenstein, U. S. Jewish affairs adviser in Germany and Austria.

After all, I'm the representative of some 7,000,000 people in Ohio and I owe them a report on the actions of congress.

—Sen. Robert A. Taft (R), Ohio, on campaigning for re-election.

people will not talk about a subject because it has not been published in a newspaper.

Often the straight news story, providing information that answers the questions in the minds of the people, will halt discussion and rumor.

RESPONSIBILITY — Newspapers have this responsibility. To inform the people of their community to the best of their ability.

No newspaperman worthy of the name will agree to throttle information, particularly on a matter of public importance.

There is a line that separates information the public has the right to expect in its newspaper, and information that intrigues and entertains only the idly curious. Every newspaper has its own policy in such matters.

But nowhere, certainly not at meetings of public bodies, can it be expected that a newspaper will agree to a request to "leave this part out" in its report of that meeting.

Nor is it likely that the people will take kindly to "special" sessions, where some of the boys get together to discuss public problems and sometimes arrive at decisions without inviting the newspapers to send a representative.

The phrase "freedom of the press" becomes hollow mockery when the press serves other interests than those of the people.

Public Forum

Be brief. Avoid personalities. Pen names are permissible but sign your real name and address to all letters. Help keep your community on its toes.

School Carnival

Dear Editor:

What has happened to the popular Halloween carnivals that were held in past years at the Escanaba high school? I noticed in the paper this week that Halloween will be celebrated at the school this year with a masquerade ball.

I'm glad to see that some kind of a school party is to be held on Halloween, but I don't think the ball carries the popular appeal of a carnival. Not all kids like to dance, but all kids love fun and they surely had it in the years when the schools held the carnival.

Maybe the kids are more sophisticated now than when I went to high school but I still doubt that the percentage of high school youngsters who will attend the Halloween ball will be as high as the percentage of school kids who attended the carnivals of bygone years.

Nostalgia

Walleye Fishing

Dear Editor:

More outside fishermen are moving into local waters which should be indication enough that the catches of walleyes must be pretty good. I'll bet that next spring there will be mighty e-w walleyes left for the hook and line fishing. It's a shame that sports fishermen get such little protection. We are losing the goose that lays the golden eggs, if we'll only wake up to realize it.

Let's holler in unison for action—and holler loud enough so that they'll hear us in Lansing.

Civic Minded.

So They Say

The trade union movement must militantly maintain and defend its standards so that mass purchasing power, the nourishing force of our economic life, can keep the wheels of industry rolling.

—President William Green, American Federation of Labor.

Yes, there is an imperialism in the world today but it is not American imperialism. It comes from the East. It is a most subtle type of imperialism, using all the Communist tactics of infiltration to permit a vicious minority to dominate and thwart the will of the majority.

—Rep. Franklin D. Roosevelt, Jr.

The best sign now that Europe has recovered to an extent and is continuing to recover and progress is that European nations are now fussing about rates of exchange instead of worrying about whether they will eat.

—Secretary of the Treasury John W. Snyder.

The Chinese Communists have gained control with the help of Russian influence, but ill feeling already is developing in rural areas as the real nature of communism becomes clear.

—Premier Shigeru Yoshida of Japan.

There is no reasonable basis for these bedevilements. Coal miners are better off in wages and earnings—when the unions permit them to work—better off in hours at work, better off in so-called welfare payments contributed by the employers than any other industrial workers in the United States.

—Charles A. Owen, president of the National Coal association.

The Washington Merry-Go-Round

BY DREW PEARSON

Washington.—Congressman Franklin D. Roosevelt, Jr., has an 8-year-old son named Christopher who may turn out to be

PEARSON

another chip off the old block. Recently Congressman Roosevelt called his son on the telephone in New York and asked him if he would like to come to Washington. Christopher said he would under certain conditions.

"If I come to Washington will I be able to see the president?" asked Christopher.

"I think so," replied Congressman Roosevelt.

"Well," continued Christopher, "will he let us sleep in our own beds in the White House?"

Roosevelt roared. When Christopher arrived in Washington, his father drove him around the capital, then tried to park to go inside a government building. Only a tiny space was available, so Roosevelt asked a policeman if he could park in a restricted area. The policeman, noting FDR, Jr.'s congressional license plate said okay. As Roosevelt and his son got out of the car, Christopher turned on the traditional Roosevelt grin, looked up to the policeman and said:

"Officer, meet my congressman."

INSURANCE LOBBY

Congressman Walter A. Lynch, New York Democrat, and a conscientious member of the ways and means committee will head a subcommittee to investigate an important loophole in the tax laws whereby life insurance companies do not pay income taxes.

The life insurance companies—with admitted assets of over 50 billions and investments in practically every kind of business—paid not a dime in income taxes to the federal government for 1947 and 1948. And they will pay none for 1949.

Despite months of negotiations with tax experts in the treasury department, spokesmen for the insurance companies have refused to agree to a recommendation for even a token "stopgap" tax payment of \$45,000,000 a year for 1948 and 1949—even though going "scot free" for 1947.

At present the \$1,500,000,000 annual net investment income of life insurance companies is not taxed—either as to the company or as to the policyholders. The job of the Lynch committee is to decide what taxes should be collected, and then to prepare legislation to close the loophole in the present law. The committee has to do all this in the face of a lobby considerably more powerful than the real estate, oil, or public utility lobbies.

It will be interesting to see how Congressman Lynch makes out in his lonely battle against the giants.

NEUTRAL NEHRU

Some people were disappointed when Prime Minister Nehru of India issued his statement that India would take no sides in the cold war. In view of India's strategic position between the east and the west, his words fell with the unwelcome reverberation of a rock on a polished ballroom floor.

Nehru's neutrality, however, was not news to state department officials who invited him to this country and who knew that, as between the Russians and the British, Nehru had spent most of his life fearing the British. To change this suspicion of the western world was specifically why they invited him.

Nehru spent 13 years in a British jail, considers Russians more Asiatic than European, governs a people who are not much more than one rice bowl ahead of starvation. Instinctively, Indians think of Russia as having a higher standard of living than theirs and are less fearful of the Soviet than of their old rulers, the British.

U. S. diplomats don't expect to change this point of view overnight, realize that Nehru couldn't possibly announce, while here, that he will lead an anti-Soviet bloc in the middle of Asia.

But after he returns to India, they hope that gradually he can line up his country on the side of the United States.

Note—Nehru and Secretary of Defense Johnson became great friends while

Former Escanaban Dies In Ishpeming

Mrs. Edward Arvidson of Ishpeming, the former Ida Peterson of this city, died Tuesday night at her home in Ishpeming following a long illness, her cousin, Miss Mabel Bowers of this city, has learned.

Mrs. Arvidson, who left Escanaba 30 years ago, is survived by a sister, Mrs. Carl A. Hognander, and a brother, Myhren C. Peterson of Minneapolis.

Miss Bowers and Carl Lam-

Rapid River High School Carnival Friday Night

Rapid River—The annual Halloween carnival at Rapid River high school will be held in the school gymnasium Friday evening, October 28, under the supervision of the student council.

Each of this city will attend funeral services for her at Ishpeming Friday afternoon.

Each class will sponsor a booth and contribute an entertainment feature. The seniors will have games, foot stand and hit-the-monkey; the juniors will feature movies, popcorn and balloons; the sophomores pop, ice cream, milk bottle target and penny throw; freshmen, ghost house and dart throw; eighth grade, BB gun target and basketball throw; and the seventh grade, the fishpond and candy booth.

There will be special awards, a masquerade with costume judging and an amateur hour, among the entertainment features.

Tip for Halloween hits!
crisp molasses cookies
and hot, fragrant coffee

OLD-FASHIONED MOLASSES COOKIES

3 cups flour
1/4 cup sugar
1 teaspoon salt
2 teaspoons cinnamon
1 teaspoon ginger
1/4 cup shortening

1 egg, unbeaten
1/2 cup molasses
1/2 cup cold water
2 teaspoons soda
1/4 cup hot water
Blanched halved almonds

Mix and sift flour, sugar, salt, cinnamon and ginger. Drop shortening on top of this mixture and unbroken egg on top of this. Mix molasses with 1/2 cup cold water. Pour on top of mixture, stir until well blended and beat until smooth. Dissolve soda in 1/4 cup hot water and stir into batter. Drop by tablespoon on greased baking sheet. Bake in oven (425° F.) about 10 minutes. While hot, press halved almonds into cookies. Yield: About 3 dozen cookies.

Road Tax Vote Ballot Ready

14,000 Printed For
Nov. 10 Election

Fourteen thousand ballots for a special election to be held in Delta county Nov. 10 on the question of levying 2 mills for county road purposes have been printed and will soon be distributed by County Clerk J. Theodore Ohlen.

The ballots will go to the clerks of the cities of Gladstone and Escanaba, and to the 14 townships.

The wording of the ballot is as follows:

"Proposition to Increase Property Tax Limitation.

"Shall the County of Delta increase the millage as provided in Section 21, Article 10 of the State Constitution of Michigan, by two (2) mills for the period of five years, beginning with the year 1950 the proceeds of such increase to be used for Delta County Road Reconstruction, Construction, and Maintenance, Only."

Space is provided below the proposition for voters to mark their ballots "yes" or "no".

The 2 mills levy on a county valuation of approximately \$27,000,000 will bring about \$55,000 annually to the road commission in additional revenue.

The motion to place the proposition before the people for a vote was unanimously adopted by the Delta county board of supervisors at its recent meeting.

The road commissioners and the roads and bridges committee of the board of supervisors endorsed the proposal to levy 2 mills for county road purposes. They pointed out that Delta's expenditures per capita for county roads is the second lowest in the Upper Peninsula, and that several counties already have special road millage revenue.

The additional revenue also will permit Delta county to match \$31,000 annually in federal funds, which will increase the money available for local road improvements by a total of approximately \$86,000 a year.

Peace At Last From PERSISTENT ITCH!

No wonder thousands teased by itchy torment bleed the day they changed to Resinol. Here's quick action from first moment—a blissful sense of peace that lasts and lasts, thanks to 4 active soothing agents in a lanolin base that stays on. Don't be content with anything less effective than Resinol Ointment.

Cooks

Cooks, Mich.—Mr. and Mrs. Orville Olson have gone to Munsing, the former being employed on a paving job.

The members of the Willing Workers' society met Thursday at the home of Mrs. Joe Haindle who was assisted in entertaining by Mrs. John Haindle. A large number attended.

Mrs. Odile Hardy has returned to her home here after spending the summer with relatives in Jackson.

England's sea power came into being with the defeat of the Spanish Armada.

RELIEF AT LAST For Your COUGH

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION for Coughs, Chest Colds, Bronchitis

LOOK WHAT I WILL BUY AT A&P!

CUSTOMER'S CORNER

Is it wrong for us to give you more good food for your money?

Is it wrong for you to shop at our stores if by so doing you will make our business grow?

Apparently the anti-trust lawyers, who are trying to put A & P out of business, think so.

Apparently the American people don't agree with the anti-trust lawyers, for many, many thousands of them are writing and saying:

"We like A&P and we don't want them put out of business."

Voting Machine Big Attraction

City Open House Not 100% Success

City officials today expressed disappointment with the turnout of older citizens for the first city parade and open house.

The voting machine in the city hall attracted quite a large number of citizens, and most city officials were busy answering questions at city hall until 9:30 p. m. Only a trickling of the taxpayers visited the city garage, utilities plants and other offices.

A. V. Aronson said today that because the open house was staged rather late in the season the weather kept many away. The open house will be held earlier next year, when the weather is warmer.

Very little expense was encountered in staging the parade of 23 pieces of city equipment, with the high school and city band. Both city employees and the bands donated their services for the parade. The only actual cost was the cleaning of city trucks and other mechanical units.

The parade of equipment and the bands attracted the largest number of persons.

Parachuting Pilot Saved By Tree-Top

South Salem, N. Y., Oct. 27 (P)—An injured test pilot said today a tree probably saved his life when he fell with a partly-opened parachute from a shattered jet fighter-bomber.

Jack Bader, 29-year-old flyer for the Republic Aviation Corp. told a harrowing story of fighting to escape from the plane after it began to fall apart yesterday in a 600 mile an hour dive from 12,000 feet.

Bader was making a routine test when his P-84 Thunderjet went out of control. He was unable to work the automatic ejector, but managed to free himself after struggling with it and the plastic shield. By then he had fallen about 9,000 feet.

Two power linemen saw him land in the woods and found him in a treetop. He suffered a brain concussion, an injured ankle, and many cuts.

Russians To Release Wartime Nazi Chief

Baden-Baden, Germany, Oct. 27 (P)—Field Marshal Friedrich von Paulus, wartime German commander, will be released from a Russian prison camp within two months, his family said yesterday. Mrs. Olga von Kutenbach, the Marshal's widowed daughter, said a postcard mailed from a camp near Moscow, brought the news that Von Paulus would be home "by the end of December." The Marshal wrote that many of his fellow prisoners also were leaving the camp.

Von Paulus, who surrendered the remnants of a German army of 330,000 men at Stalingrad, included a written denial of rumors he was training a "free German army" of Red German prisoners who would ally themselves with Russia.

Choice Beef Hits New Top Of \$41.50

Chicago, Oct. 27 (P)—Beef on the hoof is selling today at near record prices in the union stock yards.

But don't let that worry you. You aren't going to find that beef in your butcher shop with a near-record price tag. In fact, you aren't going to find it there.

The top 1949 price for cattle, paid yesterday, was \$41.50 a hundred pounds for prime steers. That will cut out to prime meat. It's the kind of meat which is sold directly to "name" restaurants, clubs and hotels. It doesn't get into the butcher shop.

"People who will buy those steaks won't care much whether the price is \$3.00 or \$5.00," one livestock commission man said. "There's always a steady demand for beef from those restaurants, regardless of price."

Babe Zaharias Is 1st Woman To Be A Golf Club Pro

Chicago, Oct. 27 (P)—Babe Zaharias has become the first woman to fill a man's shoes as head professional of a golf club.

She did it for a minimum of \$20,000 per year, a private airplane, and room for George in the clubhouse's private quarters.

Whether George, her 300-pound ex-wrestler husband, will forsake his boxing and wrestling promotions in Denver, Colo., to climb into her lap of luxury, is not known.

Anyway, there's space for him at swanky Skycrest Country club, a 36-hole layout where Babe takes over as pro Feb. 1, 1950, and will live.

She succeeds Jerry Glynn, who taught her most of what she knows about golf a decade ago.

Eugene Dyer, president of Skycrest and owner of a radio station chain, said he got the idea to hire her two years ago during the Women's Western Open at his club.

"She autographed a program for me," he recalled, "and she wrote: 'This is the most beautiful clubhouse and golf course I've seen.'"

Briefly Told

To Hospital—Dale Heidenreich left today for Waukesha, Wis., to receive medical treatment in the veterans hospital.

Robert DuPuy Hurt In Auto Accident

Robert DuPuy, 29, of Bark River Rd. 2, today is receiving treatment in St. Francis hospital for a twisted neck and possible fracture received in an auto mishap about 6:45 o'clock last night.

The accident occurred on M-69 about one and one-half miles from the junction with US-2. DuPuy was returning to his home, traveling west, when his pickup truck went out of control and overturned on a curve. He was alone.

DuPuy was picked up about ten minutes later by Milton Viau, a passing driver, who took the injured man to the doctor and then to the hospital. Joe Larmay of Ford River Switch assisted Viau in caring for DuPuy until he was in the hospital.

Revoke Licenses Of Two Fight Officials

Detroit, Oct. 27 (P)—Two officials who handled the controversial Lester Felton-Kid Gavilan fight were without state licenses today.

The Michigan Boxing commission revoked the licenses of Referee Morrie Sherman and Judge Sam Pearlstein. Two voted for Felton, young Detroit, in his unpopular split decision over Gavilan, the world's No. 2 welterweight. The third judge, Joe Lenahan, voted for Gavilan.

Commission Secretary Leo Sourial said Sherman and Pearlstein were found to be "lax in their duties as defined by the commission."

It will be decided "at a later date" whether the license revocations are temporary or permanent, Sourial added.

MSC-Irish Tickets Now Up To \$75 Pair

East Lansing, Oct. 27 (P)—Want some tickets for the Notre Dame-Michigan State football game? You can get them if you're willing to pay up to \$75 a pair for a couple of choice seats.

That's the top price reported so far. The ticket scalpers are having a field holiday on the event.

Although the game isn't until Nov. 5, the asking price has been going up steadily for the past month.

Several weeks ago, advertisements started appearing in the "State News", Michigan State college newspaper. The classified items read like this:

"Wanted, Notre Dame football tickets. Will pay price."

A check on the advertisements showed that even a few weeks ago the customers were willing to pay \$15 and \$25 a copy for seats. But inflation has set in and the asking price is going higher.

Grandelius Joins MSC Cripple List

East Lansing, Oct. 27 (P)—The injury jinx had a new victim on the Michigan State football squad today.

Wednesday was the first day when all the cripples sidelined by injuries in the Penn State game and previous battles were on hand. And while the players under the wing of team physician Dr. Charles Holland were out they saw left half Sonny Grandelius added to their number.

Grandelius, the junior from Muskegon Heights, was hurt in a scrimmage against the freshman team. He was helped off the field with a twisted ankle and sent to the college hospital for observation.

HE'S STILL AT IT

Chicago, Oct. 27 (P)—As far as the college all-stars are concerned sky-scraping George Mikan of the Minneapolis Lakers still is "Mr. Basketball." Mikan peppered in a record-breaking 31 points last night as the Lakers outlasted a stubborn college squad, 94-86, in the 10th annual charity cage classic witnessed by 16,731 at Chicago stadium.

Buy two cans of Southern Star BONITO. Serve one can. If not delighted, your grocer gives your money back. Simply (1) return the unused can and (2) label from the one you served.

Checks Now Used For Ford Payroll

Detroit, Oct. 27 (P)—Today was the last cash pay day for 60,000 workers at the Ford Motor Company's River Rouge plant, and thus ended an era.

Beginning tomorrow workers at the Rouge will be paid by check. It's the last of Ford's 50 plants across the nation to change over from pay-by-cash.

Naturally, the payroll change-over is a mammoth operation.

Since the beginning of the company in 1903, officials estimate, workers at the Rouge plant have been paid an estimated 10 billion dollars—in cash.

Traditional at the Rouge have become the five heavily armored trucks that shuffled daily between departments, bringing the cash to the workers.

Officers Seek Missing Youth

Crystal Falls—City, county and state police are seeking the whereabouts of Franklin Cole, 18, son of Mr. and Mrs. A. J. Cole, 618 Marquette street, who disappeared Tuesday morning.

The youth was last seen at 9 a. m. when he left his home to go to the home of Mrs. Dora Hill, his private tutor, who telephoned Mrs. Cole when the young man failed to appear for his lesson.

His parents reported his disappearance to police, and said that because of foot trouble it would have been difficult for the young man to walk a long distance. The youth, grandson of the late Herman Holmes, well-known contractor, is six feet two inches tall, weighs 215 pounds, has brown hair and eyes, and wears thick glasses.

At the time of his disappearance he was wearing a white-checked jacket, tan trousers and brown hat. The parents told officers that the youth was in good health and was progressing in his studies.

The young man is a nephew of Mrs. Fritz Anderson, South 11th street, Escanaba.

Stabbing Thief Kills Chicago Mother, 26

Chicago, Oct. 27 (P)—A 26-year-old factory worker—mother of two small children—was slain last night by a robber who repeatedly stabbed the woman as she sought to protect her wages.

Police said a Negro seized several hours after the slaying made an oral statement that he had stabbed her. Police said Willard Truelove, 30, related details of the killing after the woman's purse was found near his home.

The victim was Mrs. Mary Lechiro, night worker at a West Side factory. Bleeding from numerous knife wounds, she staggered to her home and collapsed in the arms of her stepfather, Frank Greco, 58. She died an hour later in a hospital. Police said the woman was attacked and robbed of her purse a half-block from her home as she was returning from her job.

Anybody who tries to sell goods to the United States finds that the tariff duty he has got to pay is almost the smallest of the obstacles that he has to overcome.

—Geoffrey Crowther, editor of the Economist of London.

William A. Cole Rites At Ironwood

Funeral services for William A. Cole, 62, retired master mechanic of the Oliver Iron Mining company properties, who died at Mercer, Wis., Monday were held Wednesday at the Chappell funeral home in Ironwood, his former home, with Mrs. Raymond Dick conducting the Christian Science service. Burial was in Riverside cemetery. Mr. Cole was a pioneer in the mining industry, beginning his first mine work on the range at the Pence mine when first ore explorations were made.

Movie On Quality Milk To Be Shown

Farmers of Delta county are being invited to attend one of four showings of a movie in color depicting the production of quality milk on the farm, sponsored by local cheese companies. All of the meetings will start at 7:30 p. m. and will be of particular interest to milk producers, although the public is invited. Refreshments will be served following the showing of the films, which include a comedy for the children.

The schedule of showings in Delta county is as follows: Nov. 10—Bark River community hall; Nov. 11—Flat Rock at Escanaba town hall; Nov. 14—Garden at the community building. The above meetings are sponsored by the Pauly Cheese company.

The Riverview Cheese factory at Perkins is sponsoring the movie for showing at the Perkins school at 7:30 p. m. Nov. 17. For farmers of the Wilson area the film will be shown at Forty Seven hall at Wilson at 8 p. m. (EST) Nov. 18, sponsored by the Wilson Dairy.

Father Nadeau Discusses Mass

Father Clifford Nadeau, pastor of St. Ann church, lectured on the Mass to the women of the Escanaba deanery, in Bonifas residence last night, and postponed his lecture on the use of the missal at Mass until the next meeting.

Father Nadeau described the true meaning of the Mass as the idea of sacrifice to God, to atone for the evils of the world, and to beg God's mercy on his children. The bloody sacrifice of the old testament ceased when Christ died on Calvary, as this was the most perfect sacrifice and the most pleasing to God, he explained.

The essential of a true sacrifice, he noted, were the priest, the altar and victim. Through the three parts of the Mass, the Offertory, Consecration and Communion, Christ himself through the ministry of the priesthood offers himself to God. This sacrifice, Father Nadeau continued, was started at the Last Supper and completed on the cross. The mass is a continuation of the sacrifice.

The purpose of the Mass, he concluded, is the adoration of God as a supreme being, thanksgiving for God's goodness and a petition for grace for the living and the dead. Atonement to God for the sins of mankind and application of the merits obtained by Christ's death is made through the mass, he emphasized.

Classified Ads cost little but do a big job.

Youth Admits Car Thefts

A 15-year-old Ontonagon boy who has made his home periodically in Delta County admitted to Escanaba police today that he was involved in the recent theft of three cars from this city. He also admitted to police that he was with two other boys.

The other two have not been summoned, but when they are apprehended, all three will be referred to probate court.

The boy apprehended today admitted taking a car owned by William Murphy of 1129 North 18th street on Oct. 10, and cars owned by James Anderson of Old State road and Frank DeGrand of Escanaba, Route One, on Oct. 18. None of the cars was damaged.

The youth denied any involvement in the Bink car theft.

Soo Smoker Stumps Agriculture Deputy With Wormy Cigars

Lansing, Oct. 27 (P)—A box of wormy cigars has the state department of agriculture stumped.

The cigars were sent to George McIntyre, deputy director, by a friend, James Mac Innis of Sault Ste. Marie.

The stogies are replete with crawling insect life.

It seems the department, which handles food inspection, doesn't have any provisions for cigars. And so far the department has been unable to find any other agency that can crack down on manufacturers who furnish insect life with their smokes.

"These cigars were given to me by my mother-in-law when she came for a visit," the letter from Sault Ste. Marie explained. "But I know she is innocent of the insect life in them as the box was sealed when I got it."

"I have been smoking this brand for some time and I often noticed those little holes in them," the letter continued. "It wasn't until this box that I found the reason for the holes."

"God knows how many bugs I have smoked, swallowed or spit out in the last four years. Maybe you could advise me what to do besides changing my brand of cigars," the letter concluded.

That's all Mc Intyre can advise for the moment.

Lake Huron Fisherman Leaving For Florida; Lamprey Ruins Catch

Alpena, Mich., Oct. 27 (P)—Walter Scott, 38, commercial fisherman in Lake Huron for the last 10 years, plans to take his 32-foot tug to the Gulf of Mexico where the fishing is easier.

He'll either take up shark fishing or carry deep sea fishing enthusiasts out of Sarasota, Fla. Scott says the sea lamprey has so depleted the fish in Lake Huron that he had to make the move. His "take" for the year was 18 tons compared with as high as 35 tons in former years, he explained.

STUDENT LOSES EYE

Jackson (P)—A shellac can which 18-year-old Earl Richmond was resting on while welding two pieces of metal exploded and cost the youth his right eye. The acetylene torch he was using apparently ignited fumes from the can. Richmond is a student at Stockbridge high school.

City Has 12,341 Utilities Meters Operating Here

The city of Escanaba had 12,341 utilities meters operating in homes and business places as of Oct. 1, A. V. Aronson, city manager said today.

The total in operation Oct. 1 represents an increase of 1,962 meters since Oct. 1, 1944. Since that year from 300 to 500 meters have been added yearly.

Though the number of meters has increased and consequently the amount of work, no additional employees have been hired to handle the load. This has not been necessary, Aronson said, because better machines are used and because of steps taken to increase overall efficiency in the collection and accounting offices.

The electric utility accounts for the greater part of the meters, with water and gas next in line. The steam plant has 96 customers.

In 1944, the city had 10,379 meters operating and in 1945, increased the number to 10,676. In 1946, 11,174 meters were operating; in 1947, 11,632; and in 1948, 12,011.

Grand Rapids Hunts Gentleman Swindler

Grand Rapids, Oct. 27 (P)—State and federal authorities have been asked to help local police find a "perfect gentleman" who fleeced business men of an estimated \$600 in a smoothly operated bad check swindle.

The handsome stranger described by victims as "a swell fellow", traveled under the name of Joseph Patrick O'Shea, detectives said.

He first took a room at a local hotel. Then he rented an expensive apartment, using the apartment for a delivery address. He bought everything from clothing to furniture, tendering checks up to \$200. He always had considerable change coming.

The ruse was discovered when the checks began to bounce. But by that time the lavish stranger had disappeared.

Union Leader's Home Guarded

Detroit CIO Official Scared By Prowler

Detroit, Oct. 27 (P)—Police, mindful of the attacks on the lives of Walter and Victor Reuther, guarded the home of a third CIO United Auto Workers leader today.

A guard was posted at the residence of Kenneth Bannon, national Ford director for the union, after a prowler was reported seen at his house last night.

Within the last 18 month attempts have been made on the lives of Walter Reuther, UAW president, and his brother Victor.

Both the Reuthers were shot at their homes by an assailant who fired a shotgun through a window. Victor was blinded in the right eye. Walter almost lost the use of his right arm.

The shootings have never been solved. Police, however, appeared inclined to deprecate last night's incident.

They took this view despite the fact that Bannon once was described in an unconfirmed report to police as "next on the list."

Bannon said his son, Kenneth, jr., 12, and a playmate, Ronald Dickson, 14, told him they saw a "tall, thin" man leave an automobile and look in at a window of

the Bannon home.

The boys said that when they came up to him and asked his business, he left, saying he had the wrong address. The boys said he carried a brief case. Bannon called police.

CONVICTS GO TO PARK

Jackson (P)—The first contingent of Southern Michigan prison inmates to be employed at the new state conservation department work camp at Wilderness state park left here Wednesday. The first group of 10 will be joined later by 30 more. The park is located 12 miles west of Mackinaw City.

Lewis, C. S. Weight of Glory & Other Essays
Hessler, Operation Survival.

Medical Loan
Closet Provided
At Stephenson

Stephenson, Mich.—A medical loan closet for public use is maintained here, through the health committee of the Stephenson community school service program.

Anyone who wishes to borrow articles from the loan closet contacts the county nurse, Miss Irma Bruemmer, at the Stephenson high school. She devotes one hour each day, from 9 to 10 a. m., to this office project.

A commode, hot plate, serving tray, bedside tray, hot water bottles, bed pans, wash basins, bed urinals, an electric steam vaporizer, rubber sheets and cushions and a fountain syringe are available through the plan.

Social - Club

Initiation Dinner

Delta Rho Chapter of Beta Sigma Phi held its formal initiation dinner at the Dells Tuesday evening. Yellow roses and black candles formed the table decorations. The initiation ceremony was conducted by Irma Olson, president, assisted by Mary Peterson and Betty Rogers. Members receiving their pins were Anita Olson, Laura Belm, Irene Larson and Jean Bellefeuille. Rachel Anthony, also a new member, was not present for the ceremony.

Bake Sale

St. Joseph Home and School association will hold a bake sale at the Home Supply Store Saturday beginning at 1 p. m.

On Franklin Committee Included in the Franklin PTA carnival committee members in addition to those previously listed are Mr. and Mrs. Lee Carter who will be at the ice cream booth, and Mrs. Jack Shiner and Mrs. J. L. Engbreten who are taking part in the parents' show.

Personal News

Mrs. Clinton Groos, Mrs. Rayne Germaine, Mrs. Clifford Fillion and Mrs. Jennie Sandvik spent Wednesday visiting in Green Bay.

Mrs. George Malcolmson, who has been visiting with Mrs. Carlton Johnson, 1106 Washington avenue, has returned to her home in Oconto Falls, Wis.

Miss Joyce Dupont left this morning for Kalamazoo to attend the homecoming at Western Michigan college of education.

Loren J. McGovern left today for Milwaukee, to visit a few days with friends after which he will return to Chicago where he is employed. For the past several days he visited here with his parents, Mr. and Mrs. John McGovern, 520 North 20th street.

Mrs. Henry Desmond of Wells left this morning for Green Bay to spend the weekend with her daughter and son-in-law, Mr. and Mrs. Robert Golueke.

Tom McDonald left today to attend the reunion at Lawrence college in Appleton, Wis.

Mrs. M. Coyne left this morning to spend the weekend in Menominee with her daughter, Mrs. Clayton Van Gordon, who is a

Tenor And Bass
Voices Needed
For Massed Choir

More tenor and bass voices are needed for the massed choir of 150 which, under the direction of Sam Ham, will sing at the Reformation services Sunday evening at 7:30 at Bethany Lutheran church, it was announced today.

Anyone, whether a choir member or not, able to assist is asked to attend the rehearsal this evening at 8:30 at Bethany church, following individual choir rehearsals. A final rehearsal is scheduled for Sunday afternoon at 2:30.

Dr. Theo. Matson of Chicago will be guest speaker at the Sunday evening services and his subject will be "The Truth We Declare."

Warmingtons Leave
For Convention

Mr. and Mrs. William Warmington left this morning for San Francisco to attend the National Bankers' association convention. Mr. Warmington, president of the State Bank of Escanaba, is returning following the close of the convention sessions and Mrs. Warmington plans to remain for a few weeks' longer stay on the west coast.

patient in St. Joseph hospital. Lloyd Flath has returned from Green Bay where he has been receiving medical treatment at Belin Memorial hospital.

Births

Mr. and Mrs. Nestor Seaman of Fayette are the parents of a daughter who weighed five pounds and twelve ounces, born Wednesday morning, October 26, at 10:55 at St. Francis hospital. The baby is the seventh child in the family and the Seamans now have four sons and three daughters.

Mr. and Mrs. Stanley Steinsult of Detroit are the parents of a daughter, weighing six pounds and ten ounces, born October 25. There are two other children in the family, both daughters. Mrs. Steinsult is the former Leatrice Olson of Escanaba.

Bishop Page
Will Take Part
In Consecration

Marquette—The Rt. Rev. Herman R. Page, bishop of the Episcopal diocese of Northern Michigan, will be one of 10 Episcopal bishops to take part in the consecration of a suffragan bishop in Chicago, Nov. 1.

Dr. Charles Larrabee Street will be installed as suffragan bishop in the ceremonies, to be presided over by the Rt. Rev. Dr. Henry Knox Sherrill, New York, presiding bishop of the American Episcopal church. He will be assisted

Interesting Talk
On Decorating
At Club Meeting

Paul N. Sutton from Ebner's of Green Bay talked to the Escanaba Woman's club yesterday afternoon on the subject, "Why Have a Decorator?"

He suggested that anyone who did not personally feel confident in making the right selections in decorating and furnishing a room or home should consult with a good decorator. A qualified decorator has been well trained to choose colors that will harmonize, to know the right size, shape, and design of furnishings that will be pleasing together, is able to offer a wide selection in all price ranges and can be of valuable assistance in helping the homemaker in carrying out her own personal likes and individual ideas in achieving results that will best express her own personality.

Anyone wishing to decorate a room should start out with a basic plan and continue to adhere to this idea, he said, even if all purchases for furnishings cannot be made at one time, but must be spaced as money is available. The treatment accorded to walls, windows, and the floor is of the utmost importance, he further stated. Ordinarily it is best to use something plain, something figured, and something striped in decorating a room. It is not necessary to use furniture of all one period or of one kind of wood.

As a bit of further advice, he said that it is wise if possible to purchase wall paper and draperies at the same time or at least be sure that there will be harmony between the two before a selection is made. The most important point to remember in decorating is to keep within one's budget.

by Bishop Wallace E. Conkling, of the Chicago diocese, and Bishop Benjamin F. P. Ivins, of the Milwaukee diocese.

At the ceremonies, to be held in St. James church, Wabash avenue and Huron street, Bishop Page will read the litany.

Dr. Street, a native of Chicago, was elected Sept. 21. He has been rector of St. Christopher's church, Oak Park, since 1945, is a Yale graduate and received his theological training from General Theological seminary, New York.

and to try to create a final decorating result that will reflect one's own tastes and feelings.

Mr. Sutton while making running comments on the subject of decorating displayed many and varied samples of all types, qualities, designs and colors of fabrics for curtains, draperies and furniture, as well as samples of period and modern design wall paper, and various kinds of rugs and carpeting.

Mrs. M. H. Garrard pleased her audience with her piano selection, Rachmaninoff's "Polichinelle."

Convention Reports Mrs. H. H. Bathke, president and Mrs. John Anthony, delegates to the Upper Peninsula convention of women's clubs held in Norway last month gave brief reports. Mrs. Anthony told of the various projects being carried out by the different clubs as well as problems confronting them. Mrs. Bathke gave the high lights of some of the interesting lectures delivered at the meetings. She especially

stressed the dynamic speech given by Mrs. Hiram Houghton, first vice president of the National Federation, in which she pleaded for the women to show a greater interest in their homes, in the school, and church, and to place more emphasis on spiritual values and daily giving of service to others.

The club voted to defray the expenses of two boys to the Older Boys' Conference.

Mrs. Harry Brackett was appointed the club's representative to the committee being organized by the Junior Chamber of Commerce to take under advisement the building of a community center.

Every member was urged by the president to contribute some items of food for the baskets to be distributed by the philanthropic committee and to take such food to the November meeting.

Mrs. Dennis McGinn was the program chairman for the afternoon.

Cooks Hotelman Is Stricken

A. J. Bouchard Dies From Heart Attack

Albert J. Bouchard, 46, hotel operator at Cooks died following a heart attack at his place of business late Wednesday afternoon. He had been in poor health for more than five years.

Mr. Bouchard was born in Merrill and spent the greater part of his life in Saginaw and Pontiac. He was married on April 23, 1925 in Pontiac to Miss Agnes McClellan. For many years he operated a dry cleaning business and during the war was employed as a welder. Ill health forced him to change his type of work and he moved to Cooks and took over the hotel four years ago. He was a member of the St. Mary Magdalene Catholic church at Cooks and of the Manistique Council of the Knights of Columbus.

Surviving him are his mother, Mrs. Della Bouchard, of Saginaw; his wife Agnes, of Cooks; two

sons, Francis Richard, in the army, stationed in North Carolina; Franklin, at home; two daughters, Phyllis, at home; and Mrs. LeRoy Reese, Pontiac; two sisters, Mrs. Rose Dupuis, of Carrollton and Mrs. James Searles, of Gladstone and one grandchild.

The body is now at the Morton Funeral Home where friends may call Thursday evening. Funeral services and burial will be at Saginaw.

Will Organize Basketball League

Organization of a city basketball league will be the purpose of a meeting to be held at the city hall this evening at 7:30. Everyone interested is asked to attend. Basketball fans from Cooks and Gulliver are also invited to come and participate in the meeting.

City Briefs

Sgt. Rueben Peterson has arrived here from McGuire Air Force Base in Trenton, N. J., following his discharge from the army, in which he served three years. He is the son of Mr. and Mrs. Rueben Peterson, sr., Pearl street.

Charles Jenerou Called By Death

Funeral Rites Set For Friday P. M.

Charles Alex Jenerou, resident of the Manistique area for the past forty years, died Wednesday morning at his home on the River road following a two weeks' illness.

Mr. Jenerou was born at Bay

Pythian Sisters—A regular meeting of the Pythian Sisters will be held this evening at 8 at the home of Mrs. Mary Nelson, South Mackinac avenue. All members are urged to attend.

Rummage Sale—The Presbyterian Women's association will hold

a rummage sale on Friday and Saturday at the Ford garage. Those having donations to be picked up may call Mrs. R. L. Prine or Mrs. G. L. Bouschor.

Rummage Sale—The Ladies' Aid society of the First Baptist church will hold a rummage sale on Friday and Saturday, November 4 and 5 at the Ford garage.

John Spielmacher, Cooks, Champion Spud Grower Of Schoolcraft County

Schoolcraft county's status as a high ranking producer of fine potatoes remains the same.

This fact was amply demonstrated by the impressive showing at the annual harvest festival and potato show of the Schoolcraft County Potato Growers Association held in the basement of the Peoples Store Wednesday.

Quality, according to Ernest Wheeler, of Michigan State College, who judged the potatoes placed on display, was on a par with any local display of the past. Particularly pleasing was the showing of table stock which, both in quantity and quality exceeded any offering of past years.

The number of open class and certified seed exhibits was much smaller than in former years, but table stock displays made up for the difference.

The exhibit was enhanced by the showing of other farm produce. These exhibits were comparatively few in number, but sentiment among the farmers who attended the show was strongly in favor of this new feature.

To John Spielmacher, of Cooks, went the honor of having the highest average production in the county with 643 bushels to the acre. He was presented the sweepstakes cup donated by the Manistique-Schoolcraft Chamber of Commerce.

Dale McEachern, also of Cooks, was awarded the 4-H cup, as a re-

sult of his score of 565.

Sebagio potatoes submitted by John Hartman, of Cooks, won first and incidentally the wrist watch offered by Richards Brothers for potatoes rating highest in a cooking test.

Banquet Well Attended
Practically every seat at the Potato Show banquet in the basement of the First Methodist church was taken.

William J. Sheahan presided as toastmaster at the program that followed.

Several accordion numbers were played by Miss Janet Dixon, followed by community singing led by J. Earl Cousineau.

Ernest Wheeler, of Michigan State College who graded the various samples of potatoes as well as grains, fruit and vegetables stated that the addition of other crops to the display would, in future years, tend to heighten interest in the exhibition. He also spoke briefly in appreciation of Denny Clannahan, who for many years took a leading part in the promotion of better and larger potato crops in Upper Michigan. Years ago, said Wheeler, a farmer who raised 200 bushels of potatoes to the acre got his name in the papers. He now must have seven to eight hundred to qualify for special attention. This he said is largely the result of Mr. Clannahan's good work.

Something of a surprise was provided by the presence at the meeting of Congressman Charles Potter who spoke briefly on government problems as they affect the farmer and the public in general.

Queen Crowned

The big event of the evening was the crowning of Miss Ila McGahan, a petit young lady from Cooks, as Schoolcraft Potato Queen. J. Joseph Herbert did coronation honors. Miss McGahan is the daughter of Mr. and Mrs. Kenneth McGahan of Cooks. Members of her court were Dolores Massey and Vera Haikala, Gulliver; Carol Joan Wolfe of Cooks; Betty Flodin, of Thompson; Susan Allen Hiawatha and Ruth Nelson of Manistique township. The entertainment concluded with an illustrated address, touching on Japan, by Russell E. Horwood, of Chatham. The pictures were taken by him and the talk was based on his personal experiences there.

City Briefs

Mrs. William Wieland left Wednesday for Kalamazoo to visit with her daughter, Mrs. Sylvan Rosenbaum.

CARD OF THANKS

We wish to express our thanks for the sympathy and kindness extended to us at the time of our recent bereavement, the death of our dear sister. Especially are we grateful to those who sent floral bouquets, to Rev. S. B. Dickinson for his comforting words, those who offered the use of their cars for the services, to the pallbearers, and to all others who assisted us at this time. The memory of these kindnesses will never be forgotten.

Signed:
Mattie Benson
Mrs. E. E. Nequette

Potter Warns Of Perilous Trends

Spoke At Spud Show Wednesday Evening

Solemn warning that when the government gives you something it is at the same time taking something away from you, was given by Congressman Charles Potter at the potato show banquet Wednesday evening.

This warning was issued in the course of his reference to dangerous trends affecting our body politic. Farm legislation, he said, should come at the behest of the farmers themselves. He said he dislikes legislation that some government bureau would force upon them.

The Brannan plan he singled out as particularly dangerous legislation. Its enactment into law would put the farmer under bureaucratic dominance, he declared.

Present legislative trends, he said, are particularly dangerous because they promise Utopia but in reality mean more and more dominance from government bureaus.

The government debt, he said, amounts to \$7,000 per family, and it is increasing every day. The average family pays \$300 in taxes to the federal government every year. If the average householder spent \$300 for anything else, he said, he'd be "damned sure" to see that the money was properly spent. The public, however, said the congressman, doesn't seem to be very seriously concerned over this grave situation.

He said that he knew doctors who were so disinterested in po-

Sports Club Is Planning Dance

Party For Hunters On November 19

A Paul Bunyan Hunters' Dance is to be held Saturday, November 19, in the basement of the Midway Recreation under auspices of the Minnecan Sportsmen's club, it is announced.

The event is being arranged for the entertainment of visitors and an interesting program will be arranged for the evening. Dancing will be to orchestra.

A number of valuable awards are to be made during the evening. J. R. VanArman, Chamber of Commerce Secretary, is in charge of general arrangements and the program.

The event is to be publicized in various parts of the Upper Peninsula. Gordon Kelley is publicity chairman.

Yacht Club Will Have Masquerade

A Halloween masquerade party is to be held at the Yacht club Saturday evening under the auspices of the ladies of the club.

There will be a full evening of dancing, games, community singing and entertainment.

Prizes are to be awarded the persons wearing the costumes adjudged the most unusual and the funniest.

City Briefs

Mr. and Mrs. Herbert Tumath have left for Minneapolis where Mr. Tumath will serve as acting chairman of the Brotherhood of Locomotive Engineers of the Soo Line for three or four weeks.

Mr. and Mrs. Norman McIntyre and family of Appleton, Wis., are expected to arrive here Friday to spend the weekend with the Peter McIntyres and attend the Gladstone-Escanaba football game.

Clair Cook has returned to Grayling, Mich., after spending the weekend here having been called home by the serious illness of his mother, Mrs. Joseph N. Raiche who is a patient at St. Francis hospital. Her two daughters, Mrs. James Dorgan, Boyne City, Mich., and Mrs. Everett Kisabeth, of Curtis, Mich., are remaining for a longer time. Mr. Dorgan is also here. Mrs. Raiche is slightly improved in condition, but is not as yet allowed any visitors.

Jas. Ketchum left today for Boney Falls where he will be employed.

Legion Auxiliary Planning Dinner

A membership dinner is being planned for Monday, Nov. 28, by the Auxiliary August Mattson Post, American Legion. An interesting program is being arranged for the evening.

In charge of the event is a committee composed of the Mmes. Al Brusoe, Mary Burcar, Delor Bunno, Leona Bastian, James Bastian, Louis Broman, Warren Brown, B. C. Chaffield, George Peoples, Henry Cassidy and Archie Coven.

A regular meeting of the auxiliary was held Monday evening. Cards formed a diversion with Mrs. Carl Johnson being high in bridge and Mrs. Lawrence Shampo high in smear.

Briefly Told

Join In Service—The congregation of the Mission Covenant church will join in the Reformation rally to be held at Bethany Lutheran church in Escanaba Sunday evening at 7:30 o'clock.

Novena Service—Novena services are to be held Friday evening at 7 o'clock in All Saints' Catholic church.

ities that they wouldn't even vote, but now when they see jeopardy to their profession in the form of socialized medicine, they are taking an interest in governmental affairs. He pleaded for a more careful consideration of the problems affecting America.

Veneer Plant To Start Operating On Tuesday

After a shutdown of 10 months duration, the Northwestern Veneer and Plywood corporation will start operation of its plant in Gladstone on a limited basis on Tuesday, Nov. 1.

Twenty men will be engaged in production at the start and another ten will be employed in

maintenance, giving employment to a crew of 30 men. All are former employees and have already been engaged for the reopening of the plant, it was stated.

Only one lathe will be operated at the start and the veneer will be stored awaiting the arrival of a large electric-steam press which has been promised by the manufacturers for the latter part of November or the early part of April.

With the arrival of the press and as demand warrants, additional men are to be added to the employment lists.

High-grade furniture plywood and veneers and stock panels of maple and birch are to be produced by the local concern.

During the war, the company furnished an enormous amount of tea-chest stock for Britain which was shipped to Calcutta.

Inability of the British possession to continue to pay in American dollars was cited as the reason for the loss of the tea chest stock contract to Finland about a year ago.

The Gladstone plant, along with that of the Atlas Plywood corporation at Munising, shutdown last January.

Plan Fine Show On Halloween

GHS Gets Magician For Next Monday

Mystic Leon and his assistant Laquita have been booked for two shows during the Halloween party to be held at Gladstone high school Monday night, it is announced by Sup't Wallace Cameron.

Mystic Leon is reputed to be a magician of rare talent in whose company is Laquita, a lady ventriloquist, and a full size, walking talking doll "Hickory Slivers" as well as a traveling ghost. This arrives just in time for Halloween. Leon does some modernistic amputations, hypnotizes a rat and has a fine repertoire of magic in which he proves that the hand is quicker than the eye.

As previously announced the show will be in three parts. For the youngsters of the kindergarten through the third grades the teachers are arranging programs.

Pupils of the fourth through the sixth grades are having a costume party and downtown parade at the conclusion of which they return to the school for costume judging and to see the Mystic Leon.

Students of the 7th through 12th grades will attend the second show which will probably start about 8:45 or 9 o'clock after which there will be a carnival dance. Adults may attend the second show, it is announced.

There will be nominal admissions for each of the evening shows.

Drives Without Permit; Goes To Jail For 30 Days

Clayton Trudell of Trenary was sentenced to 30 days in the county jail when he pleaded guilty before Justice of Peace Henry Ranguette to a charge of operating a motor vehicle while his operator's license has been revoked.

Despite warnings Trudell is said by officers to have continued to drive and his arrest by Michigan State Police and subsequent confinement followed.

Note—Due to Gladstone and Escanaba Football Game the MATINEE will be at 10:00 a. m. instead of 2 p. m.

GLADSTONE BRAVES OF 1949—They've won six and lost only one and that to an undefeated team, Newberry, that is currently claiming the U. P. championship. They're a big rough and fast team with a versatile attack. And they intend to pull out all the stops when they come to Escanaba Saturday afternoon to battle the Escanaba Eskymos at the high school athletic field. They, in this case, are the Gladstone high school Braves who have piled up a commendable record this season and are still in high gear in anticipation of the renewal of the Esky-Brave rivalry Saturday. The game promises to be a bang-up affair from start to finish, and it is a foregone conclusion that a capacity crowd of Delta county football fans will be on hand to see it. Braves pictured above are, front row, left to right: Jim Schram,

end; Dick Stade, quarterback; Larry LaPlant, halfback; Stanley Jugo, center; Harlan "Buddy" Clark, captain and halfback; William Beveridge, tackle; Ralph McGeary, fullback; Donald Pada, fullback; and Marvin Jandro, Middle row, left to right, are Coach Donnie Pfotenauer, Student Manager Allan Seubert, Leslie Young, halfback; Richard Sidbeck, halfback; Robert Cole, tackle; Richard Sundley, guard; Clarence King, back; James LaLonde, back; Larry Leveille, back, and Wallace Strom, assistant coach. Back row, left to right, are Henry DeMay, end; Dallas Wixom, tackle; Joe Sutter, tackle; Richard Swenson, end; Jack Sutter, tackle, and Harold Froberg, guard. Only regular not pictured here is Phil Creten, end, who has been ill this week. (Escanaba Press Photo)

Since 1899, No Less, And Gladstone Braves And Eskymos Are Still At It!

PAGE FOURTEEN THURSDAY, OCT. 27, 1949

ESCANABA DAILY PRESS SPORTS "It Seems To Me"

BY JIM WARD

Swami is not in a dilemma. That comes tomorrow when he asks his crystal ball what it has to say about the Escanaba - Gladstone game and it locks him right in the eye and says: "Phooey! Better you should have starting out making an honest living!"

Today, Swami is all smiles as he contemplates the easiest Friday night schedule he's ever been called upon to face. Only two games, and neither are the kind that will rob him of any sleep tonight.

Had Forrest List, Dick Smokovich and Dick Wagner not been out of commission for the season, he might be concerned about that Stephenson-St. Joseph's game tomorrow afternoon. But with these three Trojan standbys missing, it looks very much like Stephenson's game—especially since it's a gala Homecoming affair at Stephenson and the Eagles are fired up to make good.

So it's Stephenson 20, St. Joseph's 0.

Ironwood is ringing down the curtain at Calumet tomorrow night. The Red Devils of Ironwood won't be out to set a scoring record, but they'll win with considerable ease. How about Ironwood 26, Calumet 0.

Cuff notes: Life magazine will cover the Marinette-Menominee game Saturday afternoon . . . For a Life-goes-to-a-high school-football-game story, the emphasis will be on the color before, during and after the game . . . The game is incidental . . . School spirit, pep rallies, parades, et cetera.

A telephone has been installed in Escanaba's new dartball center . . . The number is 1992 . . . City league teams will play a practice schedule there at 7:30 tonight . . . Press vs. Birdseye, Northern Motors vs. St. Joe, P&H vs. Harney T-C, Paper Company vs. St. Ann's and Delta Hardware vs. City Employees . . . All dartball team managers may pick up copies of constitution and by-laws, rules and regulations and team roster blanks at the dartball center.

Nov. 25 Deadline For City League Basketball Rosters

Friday, November 25, was set as the deadline for receipt of players' rosters of teams participating in Escanaba Basketball association play this season.

This action was taken at an organization meeting of the association this week. The next meeting will be held Friday night, Nov. 25. Players and other interested persons desiring information about the association are asked to telephone Art Petersen at 1947 or 2599-J. Petersen will be in charge of city league basketball for the city recreation department this season.

It was determined at this week's meeting that a team may add to its roster if a player becomes ill, leaves town or decides to quit playing. However, high school players may not compete until the season following graduation, and college players are prohibited from league or tournament play.

A holiday invitational independent basketball tournament will be held in Escanaba Dec. 27, 28 and 29, it was decided . . . The following tournament committee was appointed by President Phil Cochran: Art Petersen, Cliff Frasher, Tom Dufour, Ken Beaudoin and Bob Anderson. The practice schedule will be set next week.

SPORTS IN BRIEF

New York—Joe Kuhel, former Washington manager, was named manager of the Kansas City Blues, a Yankee American Association team.

Rangers Beginning To Think They're Good

(By The Associated Press) They're hailing the present Rangers as the best hockey team New York has put on the ice in a decade. The Rangers are beginning to act as if they believe it.

Looking like potential Stanley Cup contenders, the revamped New Yorkers won their second National Hockey League game in as many nights last night by humbling the Boston Bruins, 5-2. The victory at Madison Square Garden, the first successful home opener since 1942, pushed them into a tie with Boston for second place in the standings. Their six points just trail Montreal, which has seven.

Both Manager Frank Boucher and Coach Lynn Patrick are sold on the present squad, calling it the best Ranger team since the war broke up the 1940 cup winners. Boucher has picked the Rangers to finish third.

Standings:

	W	L	T	Pts	Gf	Ga
Montreal	3	1	1	7	11	4
New York	2	2	2	6	13	16
Boston	2	2	2	6	14	14
Detroit	2	1	5	12	10	
Toronto	1	1	2	4	12	10
Chicago	0	3	2	2	12	20

Yesterday's Results:
New York 5, Boston 2.
Tonight's Schedule:
Toronto at Montreal.
Detroit at Chicago.

Manager Billy Southworth after the club had voted him a half share. Dallas—Doak Walker, S.M.U.'s All-America back, was dismissed from the hospital after a fire attack. He may play against Texas Saturday.

Chicago—Babe Dierksen, Zabarias named a batting champion in professional baseball. The Sky Crest Country club, first of its sex to hold such a post.

Big Ten Lead Is Michigan's Goal As It Eyes Illinois Game Saturday

Ann Arbor, Mich., Oct. 27 (AP)—Michigan made final preparations today for an all-out thrust that could carry the Wolverines back to the top of the Big Ten football heap.

For the meeting with Illinois at Champaign, Ill., Saturday will mean just that.

After disappointing losses to Army and Northwestern, Michigan last week Saturday reared up with an inspired display that rocked the favored Minnesota Gophers right out of Michigan stadium.

The extent to which the Wolverines can carry over some of that fire will provide the answer at Champaign.

For unbeaten Illinois it's the big game too. A win over Michigan would throw the Illini into a good position to take the Western Conference title and return to the Rose Bowl they visited in 1945.

And to steam up the Illinois club a huge celebration is set to honor Bob Zuppke, former great Illinois coach; Harold (Red) Grange, Illini football immortal; Dedication of the Illinois Memorial stadium 25 years ago, and all past and present Illini football stars.

Behind all that psychological build-up is a really good team, paced by Johnny Karras, a 181-pound sophomore halfback whose 347 yards in 47 tries rates him as the best back in the circuit.

Coach Bennie Oosterbaan is relying on the strong line and fired-up backfield that stopped Minnesota cold. With Leo Koceski, ace wingback, still on the bench with rib injuries, the Michigan coach will start Chuck Ortmann, whose 207 yards alone was enough to beat the Gophers; Quarterback John Ghindia, Fullback Don Dufek and Wingback Bob Van Summern.

However, the Michigan camp is remembering that the lineup will also roughly match the lineup that was clearly beaten by Army and edged by an unimpressive Northwestern club.

The difference, spirit, must be maintained if the Wolverines are to take Illinois.

A successful campaign in Champaign will also put Michigan in a strategic spot in the conference race. For the Wolverines will return home to meet a Purdue squad they should be equal to, and finally Ohio State.

TOUGHER THAN STEAK

Champaign, Ill., Oct. 27 (AP)—If the dire warnings of the football scouts are correct, both Illinois and Michigan will be tougher than boarding house steak Saturday.

The league-leading Illini and the defending champion Wolverines tangle in a crucial test at Champaign. And, the men who keep the watch in the enemy stadiums say of their respective opponents: "They're tough."

Scout Bill Orwig of Michigan warned the Wolverines that they can look for extreme speed and alertness from Illinois on both offense and defense.

On the other hand, how good are the Wolverines?

"As good as they've ever been," says Scout Leo Johnson, who watched Michigan in defeats by Army and Northwestern and a triumph over Minnesota.

"Michigan's line did to Minnesota just what I had expected Minnesota's line to do to Michigan. Michigan was great," Johnson told the Illini.

"Chuck Ortmann, the left halfback, is terrific. In my opinion, he's the best back in the conference. He can run and he can throw. He gained more yards rushing (115) than the entire Minnesota team (98)," said Johnson. (Ortmann

got his 115 yards on 16 tries and he completed nine of 17 passes for an additional 92 yards.)

Michigan was "up" for Minnesota, Johnson reported. "Those two defeats made Michigan ripe for a big win like that one. But it can't let down now that it's got a chance to repeat the championship. It'll be 'up' again Saturday all right."

ILLINI GROUND GAME

Champaign, Ill., Oct. 27 (AP)—Michigan will find Illinois a different team Saturday than the one which gave the Wolverines an aerial scare before succumbing 28-20 at Ann Arbor a year ago.

Now in the Big 10 lead, the Illini got there after switching their strategy.

In 1948 Bernie Krueger passed for 256 yards against Michigan while ball carriers gained only 40.

This fall, Illinois has developed a strong ground game built around sophomores Johnny Karras, Ronnie Clark, Dick Raklovits and Don Stevens. Passing has become merely supplementary.

In beating Iowa and Purdue, Illinois rolled up 393 and 391 yards, respectively, by rushing while Krueger tossed or called only a total of 12 aeriels.

Scribe Likes Michigan Northwestern, Wisconsin

Chicago, Oct. 27 (AP)—Swami feels like trying the front door this week after calling Michigan's win over Minnesota:

Michigan 21 Illinois 7—Despite the fervor of a Bob Zuppke Day celebrating the 25th anniversary of Illinois' Memorial stadium, somehow this one doesn't even figure to be close . . . The Illini are impressive on paper with the Big 10 lead in tow and a statistic rating both offensively and defensively that tops the league . . . But all this has been accomplished against Wisconsin, Iowa and Purdue . . . Michigan is tougher, much more so after slamming Minnesota 14-7 . . . In this Swami's book, an Illinois victory would be an upset comparable to Michigan's over the Gophers . . .

Minnesota 28 Purdue 6—The Gophers were likely to lose one game in a consecutive parlay of Northwestern, Ohio State and Michigan—and they did . . . Now they can keep following the script, starting with Purdue, by taking all their remaining games on a stretch drive that looks soft in comparison with that back-beating start.

Northwestern 20 Ohio State 14—This appears the only close one of the week . . . Look for Don Burson's passes to be the difference in a bitterly-fought thriller Wisconsin 26 Indiana 13—That

incredible 48-14 walloping of Pittsburgh to snip an 11-game losing streak may be a detonator that sets off the Hoosiers . . . But the bang won't be enough to scare Wisconsin, which found it was just another team in being trimmed 21-0 by Ohio State . . .

Iowa 20 Oregon 13—The Hawkeyes take time out from aiming for their first conference title since 1922 to take care of some non-loop business . . . Notre Dame 42 Navy 7—Another chapter entitled "Have Mercy, Monster" or "How High Can You Count?" . . .

Michigan State 34 Temple 7—Just when the Spartans' injured men need rest, this comes along . . . A deep breath . . .

some stress on their running attack, which has been a potent counter-threat all season long. As luck would have it, each team has an end on the ailing list. Escanaba was hit hard by the loss of Axel Anderson, regular end, who suffered a severely sprained ankle in a light scrimmage session this week. In all probability, Anderson will be out of action Saturday and his place taken by Pat Farrell, with Bob Paterek moving into Farrell's wingback slot.

Creten has not practiced this week because of a streptococci throat ailment, but it is expected he will see action.

Other than that, both squads are in the prime for what promises to be another fine battle in the long series that always has been marked by good sportsmanship on the part of both fans and players.

The game figures to be just about a tossup with the possibility of breaks playing a big part in the outcome.
